

New Year's at the Farm

What is it?

A day that the King County 4-H horse project with the help of all King County 4-H clubs host a group of homeless mom's and their kids for a "day on the farm" with a holiday theme. During their day with us they get to interact with 4-H project animals, ride horses, do arts and crafts, visit with Santa, eat a hot meal, face painting and much more! Because we had to postpone the event till after Christmas our theme will be bringing in the new year.
