Course #1 Setup

Course #1 Equitation

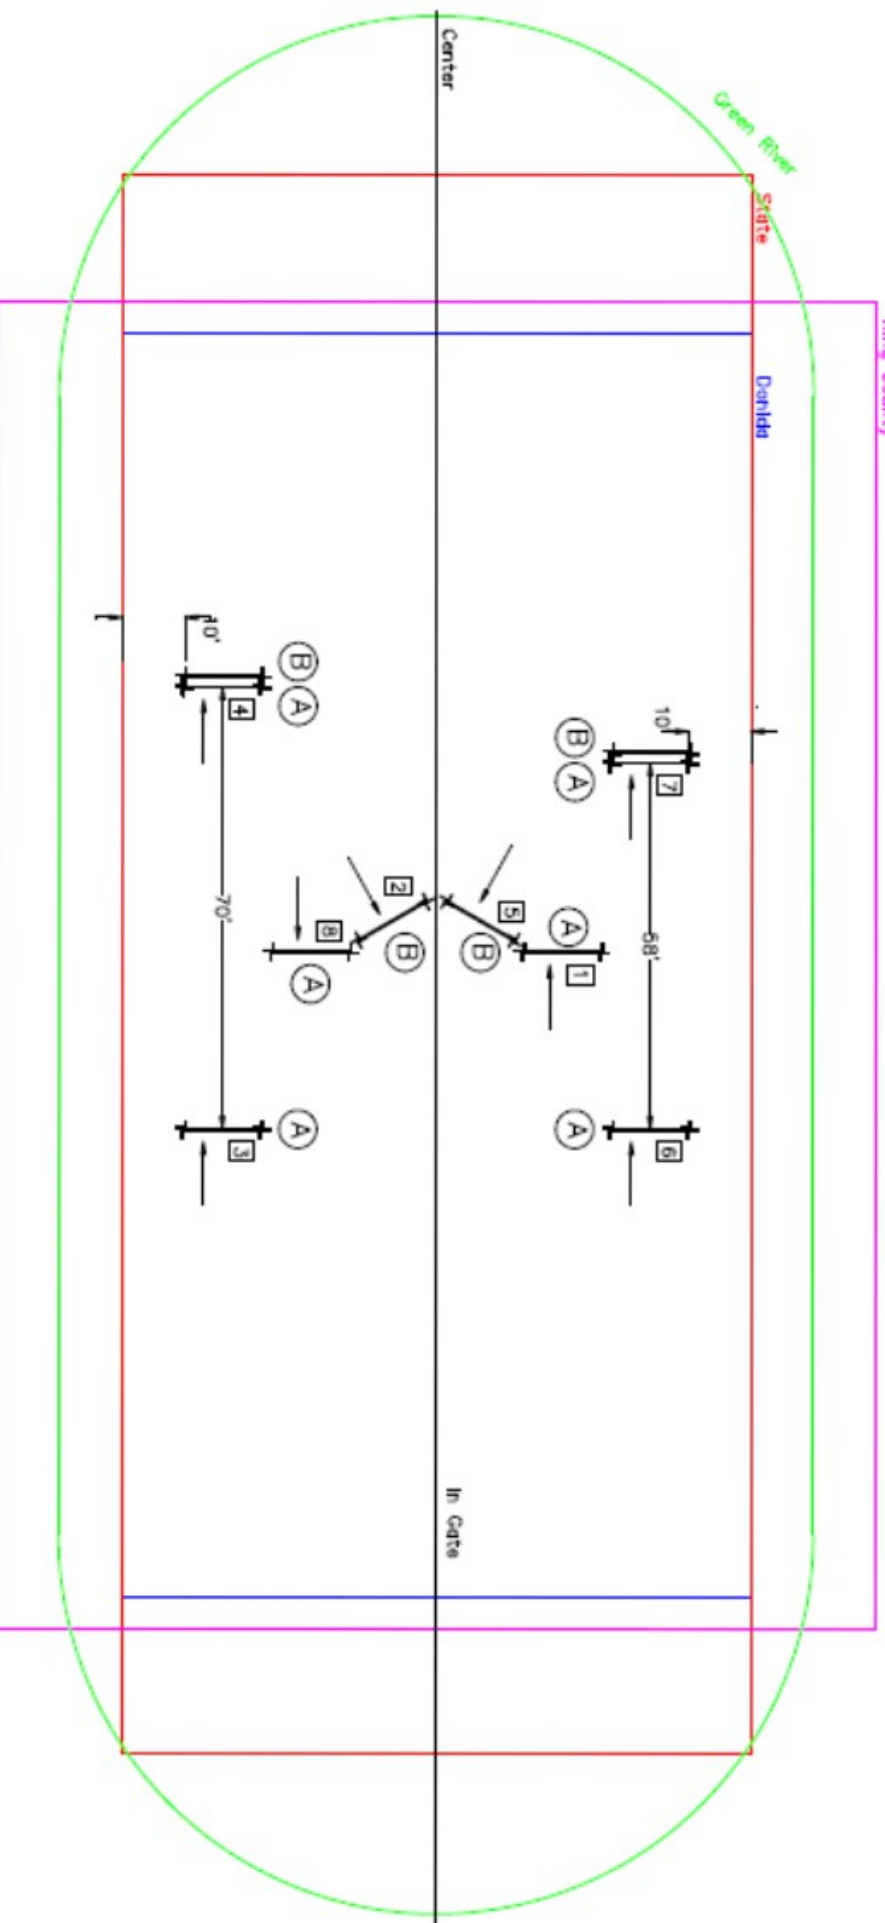

King County

- *Jump heights will be determined by class entered. Ground pole classes and cross rail classes will not have oxers.
- *Ground rail classes will have 3 poles stacked 2 on the ground with the third on top of the 2 on the ground.
- *Cross rail classes shall have the height measured at the center of the jump where the poles cross.
- *Measured height classes (2'-2'3", etc.) lower height jumps are marked "A" upper height jumps are marked "B".
