Global Service Project: Burundi 4-H Sister Schools

...submitted by Mary Katherine Deen, mdeen@wsu.edu

Henry David Thoreau once said: *“Students (youth) should not play life or study it merely, while the community supports them at this expensive game, but earnestly live it from the beginning to the end. How could youth better learn to live than by...trying the experiment of living?”*

Service Learning is a strategy that links two complex concepts: **community action: the “service;”** and efforts to learn from that action and connect what is learned to **existing knowledge: the “learning.”**

Join Us! Help Washington's 4-H Youth to engage in a service learning project by holding a fundraiser in your community to support 4-H Sister Schools in Burundi!
