*Only rule changes affecting Medals competition are included in this document. For complete lists of changes, please see the King County Horse Program Rules and Guidelines publication.*

### **Change Summary: 2019-2020**

1. By earning a showmanship medal in the medals program, will also earn you a danish blue in showmanship for that year.
2. The following has been added to medals program eligibility: The earning of 3 danish blues in a medals qualifying class will also earn you medals eligibility in that class, there is no time limit for earning blues. The earning of a high/return blue in a qualifying class will remain an additional means of earning medals eligibility in that class.

### **Change Summary: 2018-2019 administrative changes**

1. p6 remove: beginning section. Add Medals program is only open to Intermediates and Seniors. Those in the novice or green horse program are not eligible to qualify for or earn medals.
2. Line 3 remove statement in parentheses. Line 6: last several sentences change to: In Stock Seat, Hunt Seat, Saddle Seat, showmanship and Reinsmanship the pattern must last between 3 and 4 minutes. This does not include any questions asked by the judge. The medals committee shall provide a stopwatch for the timer for official timing. A designated timer must record each contestant's time.
3. P8 line C, 3: add: the show report and recap must be in the hands of the medals chair or permanent numbers chair within 5 days of the show or the club will pay a penalty of \$100 to the horse board. Line D, 6: remove: and/or original patterns are to be made by the judge or show management. E: remove. F: remove.
4. Jumping patterns will be updated in medals book and jump book.

### **Change Summary: 2017-2018 Year**

1. A reader will not be allowed for any dressage rider wishing to earn a medal.
2. Dressage medals will be earned by earning a 63% for Bronze, Silver or Gold. Supreme will be earned after the rider has earned a 63% on appropriate test 3 times, earning them 3 points. Additional supreme awards will be earned the same as the first, no advancement in test level is required.

### **Change Summary: 2016-2017**

1. A 4<sup>th</sup> pattern has been added to the Supreme medals program for Saddle Seat, Hunt Seat and Showmanship.
2. Saddle Seat Supreme #2 has been corrected to reflect appropriate lead changes.
3. The required percentage for trail medals has been removed to bring it more in line with how the other medals are awarded.
4. Dressage Medals percentages have been changed to: 65% in all levels.

#### **Administrative Changes:**

- Only if there is time for all medals to be offered for all disciplines will the Superintendent consider offering medals at fair or state qualifying event.
- The reference to judges using their own patterns for medals classes has been removed.
- References to double judging supreme classes has been removed.

### **Change Summary: 2014-2016 4-H Years**

1. Medals times for International Flags will be alters to better reflect current competitive times.
2. Saddle Seat lead changes will be changed to Interrupted lead changes.

3. Gaming and Dressage medals may be attempted at the State Qualifying Event and the State Fair without notifying the medals chair prior to the event. If the medals is earned the rider will pay the fee and receive the medal.
4. In jumping medals stride lengths will be shortened to be more accurate for the average horse.

#### **Change Summary: 2013-14 4-H Year**

1. The calendar for the following season will be decided upon by a committee chaired by the Medals Chair. This committee will consist of the performance and gaming committees, and a representative from any club that wishes to hold a show, judging or event during the next 4-H year. The committee will present the completed calendar for the upcoming 4-H year by the last leaders meeting of the current 4-H year. Final calendar will be published by October 1<sup>st</sup> of the new 4-H year.
2. Remove the rule requiring 2 equitation or rail classes be held to offer medals classes.

#### **Change Summary: 2012-13 4-H Year**

1. After initial qualifying, riders may sign up for Medals attempts at dressage shows which offer Medals. A Medals class fee will be charged. Exhibitors will be allowed to have either of their qualifying tests count as medals attempts if the Medals fee has been paid prior to the tests being ridden.

#### **Change Summary: 2011-12 4-H Year**

1. The Medals program year will be concurrent with the 4-H program year and will run from October 1 through September 30. Qualified members may earn medals and Supreme points for as long as they are enrolled as youth members. If a member completes a Supreme award too late in the year for the award to be presented at the designated recognition event, he or she will still receive the award.

#### **Change Summary: 2010-11 4-H Year**

1. Fence heights in Over Fences classes are adjusted as follows to better align with height divisions offered at state fair and in surrounding counties:

Class	New Heights	Previous Heights
Regular (Qualifying)	2'3"-2'6"	2'-2'3"
Bronze	2'3"-2'6"	2'-2'3"
Silver	All fences 2'6"	2'3" - 2'6"
Gold	2'6" - 2'9"	All fences 2'6"
Supreme	All fences 2'9"	2'6" - 2'9"

2. Dressage Medal requirements are adjusted to reflect 2011 changes to USEF dressage tests. 2011 Training Level Test 3 replaces 2007 Training Level Test 4 as the minimum test for Silver. The minimum test required for a Gold medal changes from 2007 First Level Test 4 to 2011 First Level Test 1. The minimum test for a Supreme award changes from 2007 Second Level Test 4 to 2011 First Level Test 3. First Level Freestyle remains an option for a Supreme Award.

**ADMINISTRATIVE CHANGE:** The following language regarding Gold Medal patterns was added to section A.6. following the first sentence:

The pattern should be the member's original design. It should not be the same pattern as any pattern included in the Rules/Medals publications or posted before or at the show. By designing an original pattern, the member demonstrates an understanding of how elements are combined into patterns for the specific discipline and has an opportunity to showcase the particular strengths of the project horse which will demonstrate the pattern.

The first two sentences from the language above have also been added to the Gold Medal sections of the pages specific to Stock seat, Saddleseat, Hunt seat, Showmanship, Reinsmanship, and Over Fences.

### Change Summary: 2009-10 4-H Year

1. The overall percentage score required to earn a Supreme point in Trail changes from 75% to 90%.
2. An alternate set of over fences patterns (Open, Bronze, Silver, Gold, Supreme) that includes a combination jump has been added to the Rules and Medals books.
3. The dressage score ranges used for awarding Danish ribbons have been adjusted to provide a wider range for Red scores.
4. The minimum test that a dressage exhibitor must ride to earn a Bronze medal is changed from Training Level Test 1 to Training Level Test 2.

**ADMINISTRATIVE CHANGE:** The following change was made to align medals book and program with State Contest Guide. This change was approved by the King County Horse Program committee December 17, 2009.

*Effective March 1, 2010, participation in King County Medals programs is limited to Intermediate and Senior members.*

Additionally, language referring to the number of Bronze Medal competitors that should be selected to perform the pattern has been removed. This language reflected a period in the program when time constraints at shows did not allow all Bronze Medal contestants to perform the pattern. In recent years, all Bronze competitors have performed the pattern. The purpose of this change was to align rule book text with actual practice.

### MEDALS PROGRAMS OVERVIEW

Medal and Supreme Award competition has been formulated to offer an incentive to advanced riders encouraging them to further improve their horsemanship ability and knowledge. As of March 1, 2010, participation in King County Medals programs is **limited to Intermediate and Senior members**. Those in the Novice or Green Horse programs are not eligible to qualify for or earn medals. This change was made to align the King County Medals program with Pacific Northwest 4-H Horse Contest Guide.

Because regulation USEF and USDF dressage tests are used in 4-H competition, awards in the Dressage Medals program are based on achieving specified scores at specified test levels. Please refer to the Dressage section of this book for rules and guidelines relevant to dressage Medal competition and awards.

Please refer to the Western Games section of this book for rules and guidelines relevant to Western Games Medal competition and awards in running events.

Rules pertaining to Showmanship Medals found in the following General Rules sections apply to Showmanship Medal classes at all shows offering Showmanship (Performance, Gaming, Dressage, etc.).

## GENERAL RULES

### A. Divisions of Competition

There are four divisions of competition: Bronze, Silver, and Gold Medals and the Supreme Award. Medals competition is offered in Stock Seat, Saddle Seat, Hunt Seat Flat, Hunt Seat Over Fences, Showmanship, Trail, and Reinsmanship.

1. Classes may not be combined.
2. The pattern must be posted at least one hour before the class is held.
3. There shall be no minimum number of riders required to hold any medals class. It is the responsibility of the presiding judge to award the number of medals (if any) he/she feels is deserved. The decision of the judge is final.
4. All Medals contestants will perform the posted pattern.
5. In any medal class, if for any reason the judge changes the direction of the pattern, all contestants who have already ridden must be given an opportunity to re-ride. All contestants' responses are to be recorded by the ring steward, and once recorded there will be no further changes. If the choice is to re-ride, the re-ride will count. Every effort shall be made to ensure that all controllable conditions (i.e. lighting, location, and peripheral activities) will remain consistent throughout the entire medal class.
6. In Gold Medal classes, each contestant must prepare and provide at least two copies of the pattern he/she plans to demonstrate in writing, to be turned in for approval to the show office at time of registration. The pattern should be the member's original design. It should not be the same pattern as any pattern included in the Rules/Medals publications, other member's pattern or pattern posted before or at the show. By designing an original pattern, the member demonstrates an understanding of how elements are combined into patterns for the specific discipline and has an opportunity to showcase the particular strengths of the project horse which will demonstrate the pattern. The pattern must be checked by the Medals coordinator or his/her designee to verify that all elements are included. The approved pattern will be given to the judge prior to the class. In Stock Seat, Hunt Seat, Saddle Seat, and Reinsmanship, the ride must last between three and four minutes. If under three or over four minutes, the rider is disqualified. This does not include any questions asked by the judge. For Showmanship, the pattern should be three minutes. The medals committee shall provide a stopwatch for the timer for official timing. A designated timer must record each contestant's time.
7. The Supreme Award will be based on the following criteria:
  - a. Judge will select Supreme pattern from among the options in this book.
  - b. Each Supreme contestant will perform the selected pattern. Judge will award each rider one point or no point.
  - c. Contestants who are off course or who fail to perform the pattern correctly or to the standard expected of a Medals rider will receive no point. Judge's decision is final. (OFF COURSE: Failure of an exhibitor to complete any or all of the elements of a pattern in

proper sequence. Example: a simple lead change is done where a flying lead change is required).

- d. When a contestant has accumulated the following points, the Supreme Award will be presented:

Showmanship	5 points
Hunt seat flat:	5 points
Stock seat:	5 points
Trail	5 points
Saddle seat	5 points
Reinsmanship	3 points
Hunt seat fences	3 points
Dressage	3 points

Supreme awards will be selected annually by the Medals chair and a Supreme Awards Committee of at least three members.

- e. The Supreme Award may be won more than once.
- f. The Supreme Award recipients will be presented their awards at the King County Fair or designated event in a manner deemed appropriate by the medals program Chairman and the King County Horse Committee. If for some reason a recipient cannot comply with this rule, he/she may petition in writing for an exception.

B. Qualification and requirements for participation in Medal and Supreme Award competition:

1. Participation is limited to current Intermediate and Senior 4-H members enrolled in the King County 4-H Horse program.
2. All riders must use their current year (Oct. 1Sept. 30) project animal(s) in all qualification, Medal and Supreme Award classes. (PROJECT ANIMAL: Exhibitors must complete a current project/record book for each horse, and the animal must be declared as his/her project animal by the date of record each year.) Horse certificate must be on file by the date of record (April 1) for the horse and rider combination to be eligible.
3. To qualify to enter Bronze medal competition an exhibitor must either:
  - a. Qualify for a championship equitation class by being awarded a high/return Blue Danish placing at King County Fair (or designated qualifying event) or the State 4-H Fair in Puyallup; or
  - b. Be awarded a high blue designation in a King County 4-H approved show in a class which has a Medals program. Horse show judges will be instructed to designate exhibitors who merit the high blue award. A high blue designation should be given to exhibitors who demonstrate the same high standard for a discipline which would be required to earn a high blue designation at the King County Fair or equivalent qualifying event. Show management will have the option to award actual high blue ribbons or to merely announce contestants who achieve a high blue designation; or
  - c. Earn 3 danish blue ribbons in a single medals qualifying class will earn the exhibitor a medals qualification in that class. These will have no time limit and will roll into the next year.
  - d. Qualifiers in Bareback will qualify in the seat in which they rode the Bareback class.
4. The Medals Program Chairman will issue 4-H members who qualify for medals competition a qualification card when eligibility for bronze competition is established.
5. Silver medal competition is open to bronze medal winners only.

6. Gold medal competition is open to silver medal winners only.
7. Supreme Award competition is open to gold medal winners only.
8. When Silver, Gold, or Supreme Award eligibility is earned, the show secretary or medals chairman must endorse the qualification card.
9. A contestant must show in the same seat in all divisions of Medal and Supreme Award competition. Example: The winning of a bronze medal in Stock Seat does not permit a contestant to show Hunt Seat in silver medal competition. No medal winner may compete in that division again in that seat with the exception of Supreme Award. Any queries as to eligibility are to be addressed to the medals chairman.

C. Conditions for holding qualifying classes:

1. The Calendar for the following season will be decided upon by a committee chaired by the Medals Chair. This committee will consist of the performance and gaming committees, and a representative from any club that wishes to hold a show, judging or event during the next 4-H year. The committee will present the completed calendar for the following 4-H year by the last leaders meeting of the current 4-H year. Final calendar will be published by October 1<sup>st</sup> of the new 4-H year.
2. The show must be announced on the horse program web site or at the horse program meeting one month prior to the date of the show.
3. Show report and recap must be in the hands of the Medals Chair or Permanent Numbers Chair within 5 days of the show or pay a penalty of \$100 to the horse board.
4. High blues in novice, junior or green horse classes will not qualify exhibitors for the medals program.
5. A qualified judge is required to hold a qualifying class (see judging qualification in Section G.)

D. Conditions governing Medals and Supreme Award competition:

1. In order to offer a 4-H Medal or Supreme Award class, a show must apply in writing to the medals program chairman for permission prior to publication of its prize list.
  - a. It must be sponsored by a King County 4-H club.
2. The show must be announced on the horse program web site or at the King County 4-H Horse Program meeting one month prior to the date of the show.
3. Prize list must state compliance with medals program requirements.
4. A qualified judge is required for Medals or Supreme classes.
5. Show management must assure that the judge has in his/her possession current copies of the Pacific Northwest 4-H Horse Contest Guide and the King County 4-H Medals and Supreme Awards Rules and is familiar with the contents. Further, the judge will be contacted prior to the show by the medals committee chair or his/her designee to verify that all information has been received and understood by the judge.
6. Patterns must be selected from those in the Medals book.
7. A show must make a complete report of all medal recipients and supreme points awarded to the medals chairman within 5 days of the completion of the show or pay a \$100 fine to the horse board.

8. Sponsoring club shall be responsible for the cost of the medals which may be obtained from the medals chairman. The entry fee of \$10 for each Supreme Award rider will also be paid to the chairman to cover the cost of the award.
9. The Medals program year will be concurrent with the 4-H program year and will run from October 1 through September 30. Qualified members may earn medals and Supreme points for as long as they are enrolled as youth members. If a member completes a Supreme award too late in the year for the award to be presented at the designated recognition event, he or she will still receive the award.

E. Judge's Qualifications

1. Minimum age shall be 21
2. Must be a judge in good standing on the Pacific Northwest 4-H Horse Judges List or a judge in good standing on the Washington State Horseman's licensed officials list or be enrolled/licensed through the United States Equestrian Federation (USEF) as a learner judge or higher or have equivalent credentials as a breed association judge. Proof of eligibility may be requested.
3. Shows wishing to hire individuals who do not hold any of the credentials listed in #2 may appeal to the 4-H Horse Program Committee for approval.

## STOCK SEAT MEDAL AND SUPREME AWARD COMPETITION

- A. Must comply with requirements stated in *Pacific Northwest 4-H Horse Contest Guide*, for Stock Seat Equitation.
- B. Judges must use a pattern from the four patterns provided for each level. Patterns must be posted at least one hour prior to the class.
  - 1. Bronze Medal Tests from pages 12 & 13
  - 2. Silver Medal Tests from pages 14 & 15
  - 3. Gold Medal: Each contestant shall perform a demonstration pattern of not less than three minutes nor more than four minutes. Contestants must prepare and provide at least two copies of the pattern he/she plans to demonstrate in writing, to be turned in for approval to the show office at time of registration. The pattern should be the member's original design. It should not be the same pattern as any pattern included in the Rules/Medals publications or posted before or at the show. The judge may ask for additional tests. See guidelines on page 16.
  - 4. Supreme Award Tests from pages 17 & 18. The judge will determine if the exhibitor's execution of the pattern merits the awarding of one Supreme point. When an exhibitor has accumulated five Supreme points in stock seat equitation, he or she will be eligible to receive a Stock Seat Supreme Award.

*Backing through a gate is not allowed as a test when the gate is metal.*

D. Requirements for specific classes

1. Show management or Judges may design the pattern. Patterns are to be given to the show office for approval by the medals chairman or his/her designee and must be posted at least one hour prior to the class.
2. 10 obstacles must be used. Rail work is not required.
3. Score per obstacle shall be 0-10 with the 10 being the highest. A rider needs a minimum score of 5 points per obstacle to earn a medal or Supreme point. Example: A good overall score on all obstacles, yet a score of 4 on the bridge will disqualify the rider for a medal.
4. Medals to be determined by judge just like all other medals. Riders do not make their own gold medal pattern. This pattern is to be provided by management or judge.
5. Gold medals: When a rider is attempting a gold medal ride they must also pass a written test. Once passed the rider does not have to re-take the test.
6. Supreme: When an exhibitor has accumulated five supreme points in Trail, he or she will be eligible to receive a Trail Supreme Award.

## REINSMANSHIP MEDALS PROGRAM

### A. Eligibility:

To participate in the reinsmanship medals program rider must have received a high blue in reinsmanship, and have a horse certificate on file by April 1st with the horse it is earned with. All subsequent medals may only be earned if the rider has a horse certificate on file by April 1<sup>st</sup> of that 4-H year.

### B. Qualifying class:

Reinsmanship

### C. Class routine:

Individual performance of a pattern chosen by the judge. Patterns are available in this book.

### D. To be judged on:

50% Handling of reins, whip, control, posture, and overall appearance.

25% Movement, transitions, pattern.

25% Proper harnessing, hitching, and condition of harness, horse, and neatness.

### E. The Judge will use the following terminology:

**Walk:** A free, regular and unconstrained walk of moderate extension is required; the horses should walk energetically, but calmly, with even and determined pace.

**Lengthened walk:** A more ground covering walk while showing the lengthening of frame and stride.

**Collected trot (Slow trot):** The horse should maintain forward impulsion while showing submission to the bit. The trot is slower and more collected, but not to the degree required in the dressage collected trot. However, the horse should indicate willingness to be driven on the bit while maintaining a steady cadence.

**Working Trot:** This is the pace between the strong and slow trot, more round than a strong trot. The horses go forward freely and straight; engaging the hind legs with good hock action; on a taut but light rein; the position being balanced and unconstrained. The steps should be as even as possible. The hind feet touch the ground in the foot prints of the forefeet. The degree of energy and the impulsion displayed at the working trot demonstrates clearly the degree of suppleness and balance of the horses.

**Extended Trot (Strong Trot):** Cover as much ground as possible. Lengthened stride while remaining on the bit with light control. The neck is extended, and the animal uses the shoulders covering more ground without the action becoming higher.

**Halt:** Horses and vehicles should be brought to a complete square stop without abruptness or veering. At the halt, horses should stand attentive and motionless and straight with weight evenly distributed over all four legs, ready to move off at the slightest indication of the driver.

**Rein back:** Rein back is defined as a backward movement in which the legs are raised and set down in diagonal pairs with the hind legs remaining well in line. To be performed in two parts:

1. The horse must move backward at least four steps in an unhurried manner with the head flexed and pushing the carriage backwards evenly in a straight line. The driver should use quiet aids and light contact.
2. Move forward willingly to former position using the same quiet aids.

## REINSMANSHIP MEDAL AND SUPREME AWARD COMPETITION

A. Must comply with the requirements stated in the Harness Driving Manual and Rules for Washington State (EM4881).

B. Judge may use an original pattern or choose a pattern from the three patterns provided for each level. Original patterns must use the tests designated for that class and be approved by the medals chairman.

Patterns are to be given to the medals chairman or his/her designee and must be posted one hour prior to the class.

1. Bronze Medal: Patterns from pages 46 & 47.
2. Silver Medal: Patterns from pages 48 & 49.
3. Gold Medal: Each contestant shall perform a demonstration pattern of not less than three minutes or more than four minutes. Pattern must include at least one item from each of the first five sets listed below. Tests may be performed in any order and may be repeated. Contestants must prepare and provide at least two copies of the pattern he/she plans to demonstrate in writing, to be turned in for approval to the show office at time of registration. The pattern should be the member's original design. It should not be the same pattern as any pattern included in the Rules/Medals publications or posted before or at the show. The judge may ask for additional tests.
4. Supreme Award: Patterns from pages 52 & 54. The judge will determine if the exhibitor's execution of the pattern merits the awarding of one Supreme point. When an exhibitor has accumulated three Supreme points in Reinsmanship, he or she will be eligible to receive a Reinsmanship Supreme Award.

**PATTERN # 2**

1. AD Working trot
2. DX Left wheel through two ground poles - working trot
3. X Collected trot
4. C Halt, pivot 450-degrees
5. CM Walk
6. MBF Working trot a five cone serpentine (25' apart)
7. FAK Collected trot
8. KEH Extended trot
9. H Halt 10 sec, pivot 180-degrees right
10. HEKA Walk on a loose rein. Exit

## REINSMANSHIP GOLD MEDAL REQUIREMENTS

For Reinsmanship, each contestant shall perform a demonstration pattern of not less than three minutes or more than four minutes. Pattern must include at least one item from each of the six sets listed below. Tests may be performed in any order and may be repeated. Contestants must prepare and provide at least two copies of the pattern he/she plans to demonstrate in writing, to be turned in for approval to the show office at time of registration. The pattern should be the member's original design. It should not be the same pattern as any pattern included in the Rules/Medals publications or posted before or at the show. Medals coordinator or his/her designee shall verify that all elements are included. The judge may ask for additional tests.

## HUNT SEAT OVER FENCES MEDAL AND SUPREME AWARD COMPETITION

- A. Must comply with requirement stated in *Pacific Northwest 4-H Horse Contest Guide*, for Hunt Seat equitation.
- B. Each medal class will consist of the exhibitor riding the course of fences to the best of his or her ability. There will be no flat or individual work.
  1. Determining the course from how the jumps are numbered is part of this class.
  2. Each exhibitor may circle once before approaching 1st fence. An exhibitor who is identified as going off course by the show judge should not receive a medal or be awarded points.
  3. Riders in bronze or silver medal classes will not be penalized for simple lead changes versus flying if lead changes are necessary. In gold and supreme classes, lead changes, if necessary, must be flying.
  4. Gold medal riders must design his/her course using jumps as set on gold medal diagram.
    - a. Gold medal riders should provide two copies of their course design to be turned in for approval to the show office at time of registration. The pattern should be the member's original design. It should not be the same pattern as any pattern included in the Rules/Medals publications or posted before or at the show.
    - b. Under no circumstances may exhibitor change position or height of jumps. Gold medal jump patterns do not need to include each fence at least once, nor the combination fence at all.
    - c. A minimum of eight and maximum of 10 jumps are to be used.
    - d. Course must have at least three changes of direction. When designing a course, exhibitor must clearly indicate with arrows the direction the course is being ridden.
    - e. The course is not timed because the number of jumps is limited.
  5. Supreme Award: The judge will determine if the exhibitor's execution of the course merits the awarding of one Supreme point. When an exhibitor has accumulated three Supreme points in Hunt Seat Equitation Over Fences, he or she will be eligible to receive a Hunt Seat Equitation Over Fences Supreme Award.

### HUNT SEAT OVER FENCES PROGRAM

The following equipment is required to set the courses included in this book:

- 20 standards with jump cups
- 26 poles
- At least two 150 foot tape measures
- Copies of course design for jump crew
- 68 strong bodies for crew

When setting the course, the jumps that are along the long sides of the ring (called lines) should be as centered as possible, making sure that there is the same amount of distance from the jump to the end of the ring at both ends of the arena.

All jumps must have a ground line on the take-off side (pay attention to this detail when Gold medal patterns are submitted). Ideally all jumps should have ground lines on both sides of each jump.

Gold medal jump patterns do NOT need to include each fence at least once nor the combination fence at all.

After each class, fence heights will need to be adjusted.

Distance between fences should be measured from jump cup to jump cup.

If brush boxes are available, they must be added to fences in the gold and supreme classes. Avoid making the first fence in the course a brush box. When a vertical jump is raised to 2'9", it should have at least two poles.

Each course has an oxer jump. It is distinguished on the course design by double lines for the poles. This is basically a double jump (see fence illustrations). Square oxers are prohibited. The rails must have a difference of at least 3" and not more than 6".

Jumps should be natural looking like those found in a hunt field.

Show management is required to provide a warmup jump in a practice area that is supervised by an appointed adult. Only exhibitors that are registered in the over fences classes should be allowed to jump this fence.

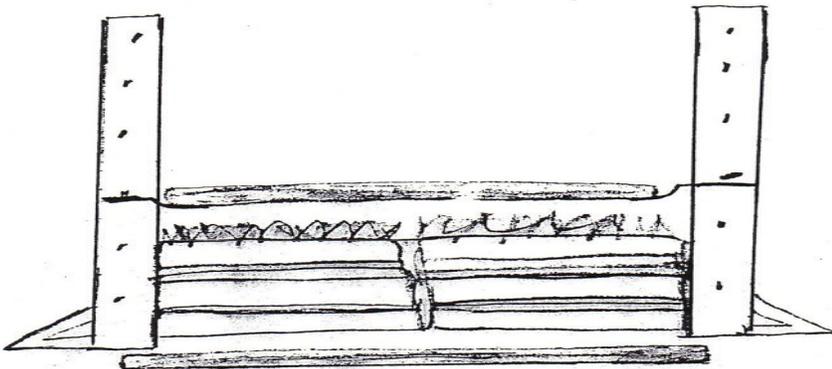

If size or condition of the arena will not accommodate the specified patterns, show management may alter courses with the judge's approval. The judge must be given a copy and must approve all gold medal course designs.

VERTICAL

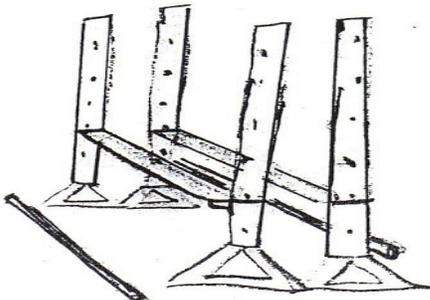

Two Standards - Three Poles

Vertical jumps 2'9" and above should have second pole added below top pole.

VERTICAL WITH BRUSH BOX

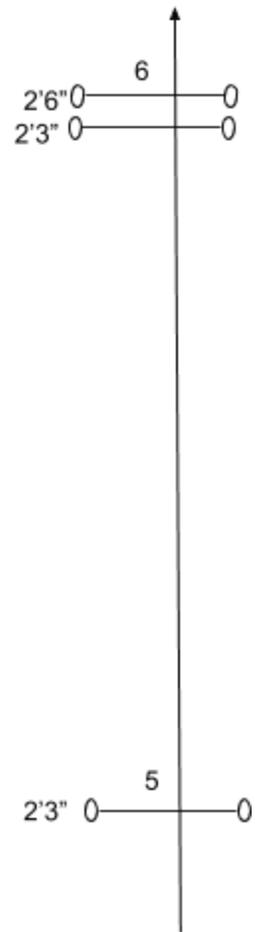

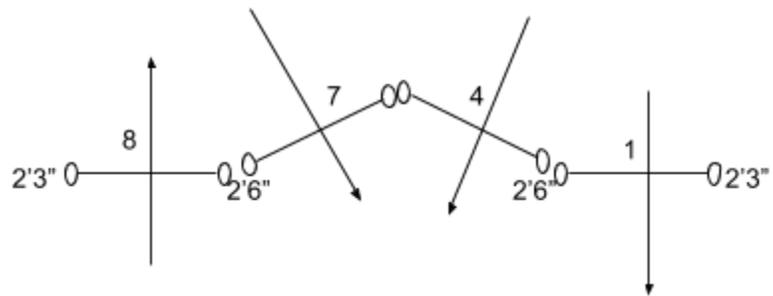

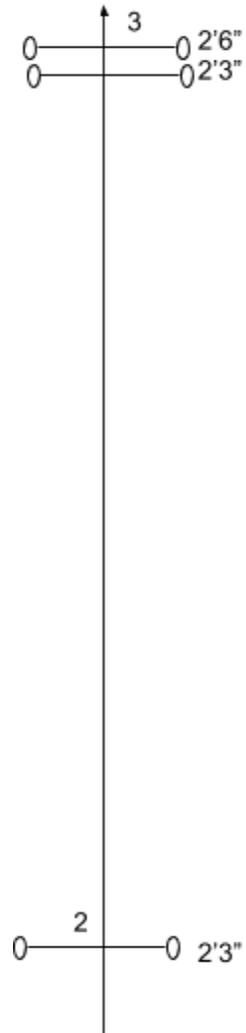

Two Standards - Three Poles - Brush Box

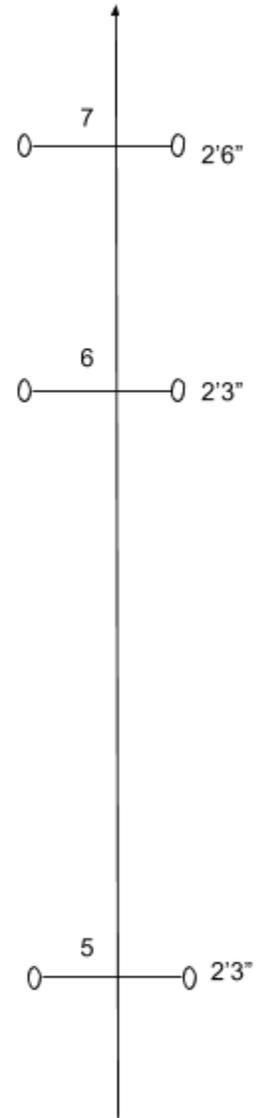

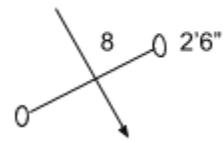

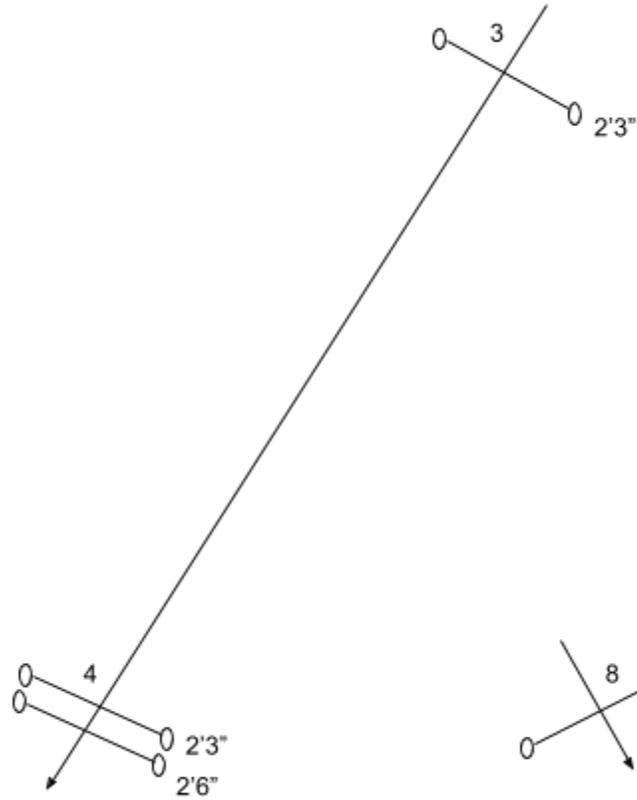

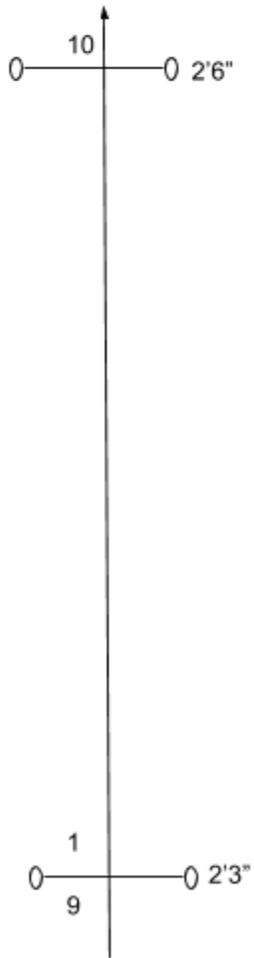

OXER

Four Standards - Four Poles

## DRESSAGE MEDAL AND SUPREME AWARD COMPETITION

- A. Current USEF and USDF dressage tests are used in 4-H dressage competition. These dressage tests are available on-line and are also sold in equestrian stores.
- B. To be eligible to ride for a Bronze Medal, a rider must earn 3 scores of 58% or above (danish blue at 3 separate shows) or a 60% (Dressage High Blue) or better on Training Level Test 1 or above. At King County Fair/qualifying event and other 4-H shows offering dressage classes, Danish ribbons will be awarded as follows:
  - 1. 49.99% and under = White Danish
  - 2. 50.00% through 57.99% = Red Danish
  - 3. 58.00% and up = Blue Danish
- C. A rider may not ride for a medal until at least 48 hours after their qualifying Blue or High Blue Danish ribbon or Medal has been earned.
- D. A rider may NOT earn a medal, or qualify for the state teams, if they use a reader. The use of a reader will immediately disqualify the rider from any medals even if the 63% score is earned and the medals fee is paid.
- E. Silver Medal competition is open to Bronze Medal winners. Gold Medal competition is open to Silver Medal winners. Supreme Medal competition is open to Gold Medal winners. A rider may win one Bronze, one Silver, one Gold, and as many Supreme Medals as he or she is capable of.
- F. Qualifications and percentages for each Medal will be as follows:
  - 1. Bronze Medal: 63% and above in Training Level Test 2 and above
  - 2. Silver Medal: 63% and above in Training Level Test 3 and above
  - 3. Gold Medal: 63% and above in First Level Test 1 and above
  - 4. Supreme Award: 63% on First Level Test 2 or above or First Level Freestyle will merit the awarding of one Supreme point. When an exhibitor has accumulated three Supreme points in Dressage, he or she will be eligible to receive a Dressage Supreme Award.
- G. After initial qualifying, riders may sign up for Medals attempts at dressage shows which offer Medals. A Medals class fee will be charged. Exhibitors will be allowed to have either of their qualifying tests count as medals attempts if the Medals fee has been paid prior to the test being ridden.
- G. Due to the limited number of King County 4-H shows that offer dressage, members may qualify for dressage medals and subsequently earn them by achieving the required scores at the State Fair or any dressage show outside 4-H that is judged by a USDF certified learner judge (or higher). With non 4-H shows member must notify Performance Medals chair in advance of his or her intent to attempt a Medal by mailing or delivering a copy of the show premium with the relevant class indicated and payment of Medals fee. Notification and payment must be postmarked/delivered prior to the day of the attempt. If the attempt is successful, the member must present a score sheet signed by the judge and showing the member's name in order to qualify or receive the Medal. For the State Fair the rider does not have to notify the medals chair prior to the event. If they earned the medal they must present their signed score sheet proving their score to the medals chair, pay the medals fee and they will receive their medal.

## WESTERN GAMES MEDAL AND SUPREME AWARD COMPETITION

- A. Appointments: Must comply with requirements as stated in the *PNW 4-H Horse Contest Guide*. For situations not covered in the 4-H Horse Contest Guide, the older publication EM4610 *Western Games* may be consulted as a support manual. [Note: EM4610 is no longer available through WSU Extension.]
- B. Western Games exhibitors may qualify for and earn Showmanship Medals based on the same requirements as Performance exhibitors. See GENERAL RULES, section B. The Games Medals coordinator and the Performance Medals coordinator work together to maintain records of qualified exhibitors and Supreme Award points.
- C. Riders qualify for the Western Games Medals in running events by running a Medals qualifying time. Medals qualifying times are as follows: or run 3 danish blue times for an event.

Event	Key	Poles	Figure 8	2 Barrel	Intl Flags	Barrels
Qual time	10.000	24.500	20.700	10.500	9.500	17.500

- D. After initial qualifying, riders may sign up for Medals runs at gaming shows which offer running Medals. A Medals class fee will be charged. Exhibitors will be allowed to have either of their regular runs count as medals runs if the Medals fee has been paid.
- E. To earn a medal at the state fair; rider must complete the letter of intent, pay the fee, and turn it in by the deadline on the form, to be eligible to earn the medal at the state fair. Rider and parent should not approach the horse barn office to obtain time documentation. Follow state rules for this.
- F. Medals runs will be offered at no cost at King County Fair/qualifying event or at a single show each show season designated by the Western Games Chair in consultation with the Games Medals chair.
- G. Medals must be earned in order. For each event, the Bronze Medal must be earned before earning Silver, Silver before Gold, and Gold before Supreme.
- H. A rider earns a Medal when the official time for the Medal run is less than the required time for earning the Medal. Medals times are shown in the following table (all times are in seconds):

EVENT	BRONZE	SILVER	GOLD	SUPREME
Key	9.500	9.000	8.700	8.500
